SOME SPLENDID ADVICE TO TEMPERANCE PEOPLE

Vote Against Officials Who Do Not Enforce the Law—Liquor Petitions To Be Published.

The following letter has been received here by a prominent temperance worker from a citizen of Madison county, who has taken a leading part in keeping saloons voted out of that county:

Richmond, Ky., Sept. 13, 1911.

Dear Sir and Friend—

I read with profound interest the column account in the Interior Journal this week of the "Enthusiastic Meeting of Temperance Workers" in your city last Sabbath evening. Passing by the many excellent things set forth therein to hold the fort in Lincoln for Temperance, I desire to say that after all is said and done, it remains for the voters to "see to it that officials are elected who are pledged to enforce the laws" as our gentleman said in his remarks. I might also say, that since blind tigers exist all over the county, as he is quoted as saying, a pretty good way of diminishing their number and activity would be for voters to pledge themselves not to vote again for the present officers, if these violators are not made to cease their traffic.

What do you think of that alternative? I believe that if the male portion of your big mass meeting on Sunday night last or at a future meeting would sign such a pledge and publish it in the paper, addressed to all officers concerned, it would have a salutary effect. In addition, it would be exceedingly wise and highly essential for all good citizens to resolve to do jury service without evasion in each and every case where said officers endeavored to bring violators to justice. It does no good, but positive harm for arrests to be made and cases tried before juries who turn men loose upon some technicality by the splitting of hairs, when the merit of punishment should be meted out regardless of the age, color or condition of the culprit. Let your police arrest the violators, let your city attorneys be vigilant in securing evidence and let your good citizens accept service on juries. And finally let these juries stick the laws and penalties without fear or favor. There is the key to the situation. However, if the officers of your county as well as city still dally in the discharge of their sworn duties, then should ensue the service of the notice upon them that never more will the pledged citizens support them for any office in their gift.

I am giving no impracticable advice. The farmers and wives of Madison county solemnly signed a petition 32 feet in length four years ago demanding that the saloons of Richmond be closed, or else said farmers and wives positively declared they would cease to patronize the merchants, banks or schools of Richmond; and finally they stood not to support any candidate for office who opposed them in their demands to secure relief from the saloons of Richmond which had ruined so many young men and debauched the farm labor of the county.

I urge you to announce at once that inasmuch as a petition is being circulated in every precinct in the county for signatures asking for an election upon the liquor question, you advise that all citizens take notice that, no matter what arguments are put up to secure signatures to said petitions, the one central controlling motive of their backers is to reopen saloons in Stanford and possibly elsewhere in the county. Therefore you desire to give warning that you will on a certain day publish in the county paper the entire list of these petitioners, black and white, by precincts, that the public may know who compose the petitioners.

We followed that course in Richmond and in the county of Madison, and the result was in both cases that the petitions were withdrawn. In the first place many signatures had been obtained by fraud, by deceit, misrepresentation and forgery in some cases. The names of minors were attached and absent, non-residents were among the number. Hundreds flocked to the court house and withdrew their names, and some even threatened damage suits against the forgers while others threatened to whip the men who secured names by misrepresentation. I understand the latter method is being used to deceive some ignorant, good people of Lincoln into attacking their names.

We published also the last petition circulated, or they will ever be circulated in Richmond for reopening saloons, last spring. That list so named and disgraced the better element in town and county, that they needed no better argument against the open saloon.

What did we show to the 26,000 people of Madison? A list of 400 petitioners, of whom 200 paid out one cent of city, county, state or school tax; 108 had been on in jail or in the penitentiary; 113 could neither read nor write; 200 were negroes, to the shame of the better element of their race; and the entire illustrious 400 did not pay enough tax to pay the salary of the extra policeman that would have been required to keep them from drunkenness, disorderly conduct and murder!

What list astounded the good people of both races, black as well as white, and it was decided that if that was the class of citizenship that composed the strength of the liquor business, it would be best to disregard their wishes and let the town remain dry forevermore.

You should publish the list in the Interior Journal, for it is a public document after being filed, and no man may hold anyone responsible for the publicity thereof. If the cost of publishing these names amounts to as much as \$35 as they did in Madison county, let the dry forces put up the money, and in that event count me in for \$5. I am deeply interested in your county.

A FRIEND OF TEMPERANCE.

In this connection the I. J. will say, as it said once before, that the list of the petitioners will be published as soon as the petitions are filed, arrangements already having been made for that purpose.

SUGAR GOING UP.

Dealers Who Bought Early are Making Big Money

Sugar has been going up by leaps and bounds in the last few weeks and those dealers who managed to buy when the price was much lower are making big money. One of the largest beneficiaries of the bull market is said to be the J. P. Frank Grocery Company, of Danville, which bought ten car loads a few months ago, and already the profit on them has jumped to \$6,000. The popular firm of Hinn & Coffey at Morehead, is said to have bought liberally when prices were about \$4.50 while it is going to \$8. Of course the price to the consumer jumps whenever the sugar trust boosts it on the dealer.

A SPLENDID RECITAL.

The members of the Bach Club have every reason to be congratulated on the success of their musical Tuesday evening. Each number deserved and received applause. The pianists seemed at their best and all seemed well beyond the amateur stage. Miss Ballou and Miss Jackson were at their best and showed that they were well qualified and worthy of the positions they hold. The pupils deserve the praise and encouragement of all for the masterly way in which they played the selections of such composers as Mendelssohn, Liszt, Raff and Brahms.

The male quartette was encored every number. Miss Jackson gave the tragic death of Sidney Carton as only a finished reader can. All of those who took part deserve especial mention. It may be said to the credit of the Stanford Graded school that these cultural departments are flourishing as well as all other work in this excellent school.

GENERAL NEWS NOTES

DRUMMER SAYS McCREARY WILL WIN.

For Respass, the well known five-faced drummer, who travels all over Kentucky, and keeps a night well posted on things political was in Stanford Wednesday and told the I. J. that he was confident that McCreary will be elected governor in November by from 25,000 to 35,000 majority. He says that he hears everywhere he goes of men who have never voted the democratic ticket before who will be in line for McCreary in November while all who left in 1896 are home again.

CHAIR FACTORY FOR CRAB ORCHARD

Mr. Salms, of Troy, Ind., has been in Crab Orchard the last week interesting the citizens of that section in a chair factory. The plant in which Mr. Salms is interested will work 130 hands. The business men there and the farmers in the adjacent territory are much taken with the proposition. The town agrees to give the enterprise five years' exemption from taxation. Crab Orchard is well located as a situation as there is a lot of good fresh timber in the east end on the waters of Back Creek, Dix River, also on Copper Creek in Rockcastle, which county also affords a large quantity of this species of timber, which would be in easy reach. Two enthusiastic meetings have already been held, and it is almost sure to be a go, as the east enders are wide awake and ready with their support.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, good relieving the directions with each bottle, a cure can be effected in from two to four days. For sale by all druggists.

Foley Kidney Pills.

L. & N. WRECK HERE

COAST COMPANY \$50,000 Many Turn Up With Serious Injuries—Double Track to Rowland Would Cost Less

Claim Agents of the L. & N. have been busy settling up with those who were injured in the head-on collision between the K. C. and the west bound passenger between here and Rowland a short time ago. So far as could be learned at that time, practically no one was seriously injured outside of the engineer of the through train who had two ribs broken, but since then it has turned out that a great many "serious injuries" have developed among those who were on the trains. Most of the damage is said to have been done to passengers on the west bound train.

It is figured that this one little accident will cost the company about \$50,000. The cost of the K. C. engine which was almost battered into kindling wood by the impact, is said to be about \$14,000. Its remains were taken through here to Louisville where they will be patched up and it will be put to work again. It is figured by those who seem to know that the roadway from here to Rowland could be double-tracked for considerably less than the cost of this one accident.

The dispatcher who was on duty at Livingston at the time of the wreck is said to have tendered his resignation without waiting to be fired for his failure to hold the K. C. here for the through train.

AN ODD FELLOW 60 YEARS.

John Edmiston Heads Delegation to Grand Lodge.

Crab Orchard, Sept. 14.

The Odd Fellows at Crab Orchard elected the following as representatives to the Grand Lodge which meets in Louisville: Messrs. John Edmiston, M. M. Perkins, James T. Chadwick, George H. Lyne, A. B. Huston, and James P. Jones.

Mr. Edmiston who heads the list is now in his 60th year and 60th year as an Odd Fellow. The last issue of the Kentucky Odd Fellow contained a good picture of him and complimentary article adopted by the Crab Orchard lodge.

The I. J. wishes it had the cut of Mr. Edmiston to reproduce. The resolutions of the Crab Orchard lodge regarding him read:

Whereas, Past Grand John Edmiston, father of our District Deputy, Dr. J. E. Edmiston, and the only living charter member of Crab Orchard Lodge No. 108, I. O. O. F., passed his fifty-ninth birthday as an Odd Fellow on the tenth day of this month, consequently he is now in his sixtieth year as an Odd Fellow and lacks only three weeks of being 65 years of age, is a record that few in the Grand Lodge of Kentucky or in the Sovereign Grand Lodge have equalled. In addition to this long service he has been a regular hard worker for the order until the last few years when owing to his health his attendance has not been regular, but we are thankful to own Heavenly Father that he still takes an interest in the order and his mind is as active as ever. He can truthfully say many solemn things have passed during these years in as well as out of the order and knows by experience that in the practice of Friendship, Love and Truth will be found the best safe guards against the ills of life. Therefore be it

Resolved by Crab Orchard Lodge No. 108, I. O. O. F., that we extend our best wishes and prayers for Brother Edmiston in his body afflictions and trust our Lord will give him "that peace which passeth all understanding."

Resolved, That a copy be spread on our minutes, one sent to both Brother Edmiston and one sent to our official organ, the Kentucky Odd Fellow for publication.

STOCK LAW ELECTIONS.

At a meeting of the fiscal court last week, the suit for stock law elections was fixed as the magisterial districts, picking four stock law districts in the county. It is said to be planned to hold elections in several of the districts this fall to determine whether stock shall be allowed to run at large on the highway. The election was carried in the Waynevader district last year but owing to a technicality will have to be held over again to become legal. The Crab Orchard district is said to be desirous of also holding an election.

FREIGHT ON STONE.

Between Mt. Vernon and Stanford Raised \$8 a Car.

Much speculation has been caused here by an increase in freight rates made by the L. & N. railroad recently on the shipment of stone between Mt. Vernon and this point. Those who deal in stone say that an increase of \$8 a car has recently been ordered by the road and all are at a loss to account for it. The raise in rate is said to have been from \$18 to \$26 a ton.

The principal sufferer by this increase is said to be W. J. Sparks, of Mt. Vernon, who is operating extensive stone quarries just above that city. The new rate will be prohibitive to him, it is said, and prevent him shipping stone to Stanford as any profit at all.

Those who seem to know whereof they affirm, say that the rate on stone to Rowland and Lancaster has not been changed, the increase having been made simply on shipments between Mt. Vernon and Stanford. There is said to be a chance that the matter will be taken before the State Railroad commission to ascertain the wherens and wherefore of this freight raise.

A Great Advantage to Working Men.

J. A. Maple, 125 S. 7th St., Steubenville, O., says: "For five years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley's Kidney Pills and their wonderful cures so I began taking them and since enough I had as good results as any I heard about. My backache left me and to one of my business expressions, that made is a great advantage. My kidneys were free and normal, and that saved me a lot of misery. It is now a pleasure to work where it used to be a misery. Foley's Kidney Pills have cured me and have my highest praise. Shugars and Tanner."

Lincoln County Jury

Secured to Try Bad Murder Case in Pulaski County.

A Lincoln county jury was secured at Somerset Wednesday to try Fount Helton and Jim Ellis who are charged with murdering Squire A. J. Beatty at Burnside last July. The defendants are said to be blind tiger operators and to have gone into Beatty's office and shot him down in cold blood. It is said to be the worst murder case ever known in Pulaski county and feeling is so bitter against the men there a jury could not be secured to try them.

Sheriff Weddle came here Tuesday and summoned 100 Lincoln county men to appear Wednesday and from there twelve good men and true were chosen as follows: R. M. Newland, R. C. Arnold, Ed. Wilkinson, George Carter, J. M. Pettus, Jack Cover, J. R. Harris, Black Huffman, E. B. Denham, George Ront, W. H. Brady and Sam Bishop.

County Attorney W. S. Burch was secured by the Commonwealth to assist in selecting the jury. There are a number of witnesses summoned, and the jurymen are believed to be in for a protracted visit to the capital of Pulaski.

SPLENDID MEETING.

As Being Conducted at The Middleburg Baptist Church.

Middleburg, Sept. 14.

The meeting at the Baptist church will probably continue through this week. Rev. Don Q. Smith is a great preacher and is preaching some strong and convincing sermons. The best of order has prevailed through out these services, which has not heretofore been the case. Those who have been in the habit of running in and out of doors during services, and making themselves a general nuisance were given to understand that such conduct would not be tolerated, and they were not long in discovering that the preacher meant business, and have behaved in a highly commendable way. Bro. Smith is greatly pleased with the kindness shown him since arriving here and takes frequent occasions to compliment the people for the very respectful hearing they are giving him. His discourse Sunday afternoon to men only, on "The Crowned Sin of the Age" was a scathing denunciation of the sin of adultery and those who indulge in it, and his words were endorsed by every right thinking man that heard him. Bro. Smith is an orator with words and courage to express himself. There have been three additions to date, and the membership is being greatly strengthened by the able and earnest preaching.

Mrs. Rev. J. B. Jones and her sister Miss Minnie Shannon, of Stanford arrived Monday and are guests of their aunt Mrs. J. A. Estes. Mrs. Bettie Jones of Mt. Salem is here visiting John Bates and attending the meeting.

Sheriff W. T. Brown, came up Thursday, and took Vernon Gaines, son of Taylor Gaines, to Liberty, when an order was made. Friday he sent him to the Reform School at Lexington. He is just nine years of age but had become very unruly. He would run away from home and come away for two and three days at a time. He had become a nuisance, and it was thought best to place him in the reformatory.

Mrs. B. K. Swope, of Marksburg came down Friday to see her daughter Mrs. W. T. Dye, and to attend the Baptist meeting.

Messrs. W. R. Singleton and C. G. Caldwell, of Waynesburg were here Sunday. Mr. and Mrs. Furch Sims of Saw Salem attended church here Sunday and took dinner with Rev. and Mrs. P. T. Church. Miss Leora Johnson our Kingsville correspondent and her sister Miss Nettie spent Saturday and Sunday here.

VISITORS HAVE GOOD WORD FOR STANFORD

Hustling Little City Surprises Many Here Last Week—Two Things Needed.

"You people who live in Stanford do not appreciate the improvement which is constantly being made in your town," remarked Col. F. K. Trible, of Danville, who came over here Wednesday with Marens Helm to watch the big sales, one who only makes a visit here once or twice a year, the change that is gradually being made for the better in your little city, is truly remarkable, and still is imperceptible to the man who is on the ground all the time. No town of near the size in the state can touch Stanford's courthouse, and the new depot which the L. & N. is preparing to build will be a splendid improvement and give you a big boost. It will prove a splendid advertisement for the town by reason of the fact that people traveling up and down the road will see it constantly and talk about it."

Other visitors here last week, also had many good words to say of Stanford. Col. W. J. Marshall, of Henderson, who came here to buy a car-load of mules and got them, said that he was surprised to find Stanford as active and as hustling a little city as it is. Many others said that the only thing that Stanford needs now is to have her streets oiled and 24-hour electric current to be getting mighty close to the metropolitan class. Keep the good work going.

MINSTREL TO-NIGHT.

That big laughing, musical fun show, "The Greater Minstrels" will be the next attraction at the Stanford Opera House on Friday evening. Always a favorite the company this year promises to outdo its former popularity and establish a record mark both in capacity business and excellence of program. Manager Colburn has brought together an entirely new organization, new people, new music, new ideas and is keeping to his policy of bigger and better each season. He believes his patrons want new faces, new acts, new jokes and each season a change completely of environment to keep his attraction up to its standard in minstrelsy, and spares neither time money or effort to effect that result. Some splendid voices this year, better than ever, a fine program of the best and latest songs assure a musical treat, while the comedy is in the hands of recognized funny men, whose ability has been established with other attractions of merit and whose antics have secured them a position with this company after careful thought and consideration.

A BORN POSTMASTER.

Mr. J. Henry Hunka, who has long been postmaster at Junction City, was in town Saturday, attending the Republican Convention. Our readers know it is a common expression that such an one was born so and so. The writer believes this is true and we can say in truth that Henry Hunka is a born Postmaster. An observation of ten years convinced us of this. "His rare intellect of a lady, now or child enters that office who fails to receive a cheery word from the postmaster. May his star never grow dim.—Danville Messenger."

One of the vexatious things that keeps Judge O'Rear awake at nights and wrecks his happiness, is the corrupt lobby, which is otherwise known as the "Third House." He solemnly promises, if elected Governor, to destroy this iniquitous combination, and make it possible for the Legislature to pass laws without being improperly influenced. We are lobby is a scandalous invasion of the Legislative department of the government, and those who bribe and bully Legislators ought to be in the penitentiary instead of dictating nominations or party policies. Governor McCreary is committed to destroy this execrable and if he is elected Governor there will be a house cleaning at Frankfort that will punish many old offenders, and rid the Capitol of the gang that has enriched themselves four years at the public expense.

In discussing these matters, Judge O'Rear says that he wants to abrogate the lobby "because for eleven years I have sat in the Court at Frankfort, and have seen these things going on." Undoubtedly he not only saw the machinations of the lobby in matters of Legislation, but he is in a position to know their work in the election of Senator Bradley. If he could sit on the bench and see this rascally crowd perform, why did he not have personal knowledge of the fact that this very same lobby that he is now denouncing elected this self-same Senator Bradley whom he pronounced in the Republican Convention as "the greatest living Kentuckian," whose title to the Senate was "without flaw or stain." It is evident that Judge O'Rear only sees and hears the things that will be good for him as a candidate, and that will not annoy his Republican supporters and associates.

The democrats are fortunate in having as their candidate for Lieutenant-Governor Edward J. McCreary, of Louisville. He is a man of proved ability and of the highest character. He has labored unselfishly for the improvement and advancement of Kentucky. His voice has been lifted in many states, and before vast audiences, in behalf of his people, and whenever he has gone he has been listened to with rapt attention, for he is an orator of the first rank. As presiding officer of the Senate, he will decide every question that comes before him with absolute fairness.

Judge O'Rear wants the voters of Kentucky to believe that he is the only sincere man in the state. His utterances are true; those of everyone else false. He means what he says, but the Democrats are liars, shams and pretenders. Kentucky never produced a trickier, more evasive, more insincere politician than Judge O'Rear. He is willing to espouse any cause that promises to gain him votes.

Governor Wilson spent, in three years and a half over \$270,000 on the state militia. Augustus is a warrior bold, and dently loves to see his parlor soldiers march. The taxpayers have to foot the bill, but

BROWER'S

Dependable home furnishings may be purchased at this store for less money than the same goods may be had at the stores of the larger cities.

Why? Because our cost of doing business is less and our output throughout Central Kentucky equals and in some instances surpasses that of most of the stores of the larger cities. Prove this for yourself. Come to Lexington while reduced rates are in effect on all the railroads and while our fall stock is complete.

This store offers a splendid assortment of tastefully selected merchandise in every section. A wide array of furniture for every room---of floor coverings, draperies and wall hangings bought to harmonize in quality and color---and the most beautiful Art Section in the state containing an excellent collection of pictures and decorations.

This store stands squarely back of its merchandise. If a defect develops in anything we may sell you no matter where you live we either replace the article or repair it to your entire satisfaction without cost to you.

All this is worth considerable to you---yet we charge less for our goods than the stores of the larger cities.

Whether you need home furnishings or not, come to Lexington this week---a good time awaits you. Fall races are on and the theatres offer attractive bills. Come and remember "Visitors are always welcome at Brower's."

MAKES WORK EASY.

Stanford People Are Pleased To Learn How It Is Done.

It's pretty hard to attend to dates with a constantly aching back, with annoying urinary disorders, with annoying kidney pills have made work easier, so thousands have gratefully testified. They're for bad backs. They're for weak kidneys. Stanford people gladly recommend Doan's.

Mrs. S. J. Hubbell, Lancaster St., Stanford, Ky., says: "I know that Doan's Kidney Pills helped me and I therefore, have not the least hesitation in recommending them. My kidneys were disordered for some time and although my condition was not serious, I was nevertheless annoyed in great deal. My back ached almost constantly and sometimes became so lame that it required a great effort for me to stoop. There were also other symptoms of kidney complaint that caused me distress. Since using Doan's Kidney Pills, procured at Shugars & Tanner's Drug Store, all these troubles have disappeared and my health has improved."

Since then he has generally affiliated with the Republican party and was a strong supporter of Augustus E. Wilson at the last gubernatorial election. The return of Gov. Buck-

HOGWALLOW HAPPENINGS

(From the Hogwallow Kentuckian)
Poke Hazley came within twenty five cents of buying a good bug by this week.

Sam Finders is back from Rounding Billows, where he has been following a squirrel around a tree.

The floor of the hogwallow post-office says so much on one side the postmaster has had to build up the soles on one side of his shoes.

The Hog Ford pastor has had the benches in the church's white-washed in order that the public may look at the back of a man's pants and tell whether or not he attends church.

While passing through a dark strip of woods near the Gaudet creek bridge the other night Fletcher Henson was held up by two masked men and robbed of a fine twist of chewing tobacco.

Jefferson Potlocks was called to Riverstraw this morning on a pleasure trip. He carried with him a load of wagon wheels and an outfit of blacksmith's tools, in order that he would not be delayed if he had a cracked spoke.

Cricket Hicks has returned from the Call Ribs section, where for two days he held down an important position at a sorghum mill. He has not yet decided what work he will engage in in the future but will take a much needed rest of two or three months.

Miss Rosyan Meschey is becoming one of our most talented singers and her fame is spreading far beyond the confines of this valley precinct. She has a very strong voice, and sometimes when she goes to singing the audience has to get up and move back.

A large belled buzzard, which comes to our community each year has again put in his annual appearance, having been seen flying high over this section one day this week. Baz Barlow, who claims to be an expert pistol shot, states that he rang the bell five times hand running.

HEN HATCHES SNAKES.

A dispatch to the Courier-Journal from Lancaster, said last week: A few days since Dr. B. F. Walters, of this city, found in the grass in his back lot seven small eggs, which he supposed were laid there by a quail that had been frequenting his premises. Knowing that hens of the barnyard type have sometimes hatched out eggs of this kind, he proceeded to place them carefully under one of his Plymouth Rock brooding hens.

Incubation resulted in a brood of seven small snakes. The doctor had failed signally to differentiate as to the eggs; he had set snake eggs, he having they were the eggs of quail. The hen, at first quizzical and uncertain, seems now wholly reconciled to mothering an issue that is altogether monstrous. This unnatural brood is following him daily about over the premises, responding promptly to her frequent motherly calls to take the insectivorous population when she has captured for their benefit. This food she conveys to their open mouths with her beak. They are growing rapidly and taking on flesh perceptibly each day. The creeping anomaly is attracting much attention.

BASE BALL UP TO NOW.

The game was called with Molasses at the stick. Small Pox was catching. Coal was in the box and he had lots of steam. Here was playing first base, and fiddle second base. Corn was in the field and Apple was umpire. When Apple came to the bat, he chopped, and Coal let Rylee work and Sarah-Jill filled the bases. Sarah-Jill made a hit and Twenty made some every foot of ground kicked and said Apple was rotten. Ballgame started to push but went up in the air, then they tried it but he was a wild one. When Spider caught a fly the crowd cheered. Oil kept cooling the game until Coal burnt him with a pitched ball, then you ought to have heard Lee Cronin.

Cabbage had a good head and kept quiet. Grass covered lots at ground on the first. Digger refused to play and bread loafed around and put him out. In the fifth inning Wind began to blow about what he could do and Hammer began to knock, then the Trees began to leave. Knife was put out for cutting first base. There was lots of betting on the game and Eggs wet broke but Soap cleaned up. They all kicked when in the heat of the game Coal was put out, but not until he had roasted Pork good and hard for his pigheadedness. Ballgame went in the air again when Pigs began to root. The score was 1 to 0 when Apple told Fiddle to take the base. Oats was shocked not having a grain of sense.

Some made mother hit and Trombone tried to slide but was put out. Ment was playing for a big strike, but was put out at the plate after being roasted by the umpire. Dyer said if he had pitched the game he would have shut them all out.

Clara Barton's Splendid Work.
America owes its tted Cross almost entirely to one woman—Clara Barton. While resting in Europe, after her arduous work during the civil war, she learned of Mr. Durant, read his book looked into the treaty, saw its application in the wars then pending, and came home determined that her own country should ratify the treaty and put it to good use. Said Miss Barton: "If we had adopted the tted Cross idea in the Civil war Andersonville, with its 10,000, would never have stained our record."

What Do You Know About This?

Bridgeport, Ind., Aug. 28, '11
Editor Interior Journal
Stanford, Ky.
Dear Sir:—Do you know whether or not any of the surviving members of the Hall's Gap battalion, (Bridgewater's Cavalry), are drawing pensions?

A year or more ago I learned a hall was before Congress, providing a pension for them, but I never heard whether the bill passed or not. I was a member of Company D, and of course, am more or less interested.

I am a printer by trade, and worked on the Interior Journal the first year of its publication, (1871 or '72) under Hilton and Campbell, the founders. I left Kentucky in 1873, going to Montana, where I lived for 36 years. I still work at the printing trade, but at present am on a few weeks' vacation. I may visit the scenes of my childhood, Souwer-set, and will pay you a visit this autumn.

Wishing you and the Journal every success,
I am yours truly,
GEORGE E. WRIGHT

Quantities of New Goods Arriving Daily.
Our Store Has Become a Veritable Exposition
Of the Best in Fall Styles.

We've been preparing for the Fall season for months. We've studied the style tendencies with the closest attention. We have spent weeks in the style center, New York City, rejecting every fashion that savored of freakishness, purchasing only when we felt certain that we were right.

THE RESULT? Our store is now filled with fresh, new merchandise, absolutely authoritative in style, thoroughly dependable, as always, in quality. It is with pardonable pride we offer our display for your approval. We feel certain that you'll find that we have maintained our reputation as the fashion center of the "Blue Grass."

We invite you to call this week and pass judgment.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

RESOLUTIONS OF RESPECT AND LOVE.

Rev. H. M. Burke, a faithful member of the Hustonville Baptist church, fell asleep July 18, 1911 at the age of 87. A faithful preacher 39 years.

Whereas, by his noble life he endeavored himself to us, therefore be it resolved:

Good Liver Remedy Free

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloaty feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again. Her Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from griping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 601 Caldwell building, Monticello, Ill.
